DETAILED ACTION

Response to Amendment

In response to the RCE filed June 14, 2006 in which applicant amends claims 1-2, 20, 31, 33-34 and claims 1-4, 6-10, 12-16, 18, 20-22, 24, 31-34, 40-49 are pending in this application.

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Magdalena M. Fincham Reg. No. 46,058 ever on August 21, 2006.

The application has been amended as follows:

Please delete in claim 20, line 1 the word "one" between the words the and winning.

Please change in claim 22 line 1 the number "19" to the number -- 1 -- between the words claim and wherein.

Please delete in claim 22, line 1 the word "one" between the words the and winning.

Please change in claim 24 line 1 the number "19" to the number -- 1 -- between the words claim and wherein.

The changes made were authorized by applicant's representative to place the case in condition for allowance.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance: The prior art does not disclose nor teach according to claims 1 and 31-34 a method of resolving a hand of blackjack where determining that the hand of blackjack has resulted in a push, generate and display an indication of an additional random outcome to the player, based on the random outcome determine if the player has won the hand of blackjack, wherein the random outcome is statistically independent of the hand of blackjack player prior to the push, determine, based on the additional random outcome, which of a plurality of possible winning amounts the player has won if the additional random outcome results in the player winning the hand of blackjack and providing to the player the winning amount in combination with the rest of the claimed limitations. The closest prior art of Hesse and Feola disclose a blackjack game where a hand has resulted in a push and if the player wins only one possible winning amount that is calculated based on the player's wager amount. Hess and Feola fail to disclose determining, based on the random outcome, which of a plurality of possible winning amounts the player has won if the random outcome results in the player winning the hand of blackjack and providing to the player the winning amount in combination with the rest of the claimed limitations.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
